

Filter out chlorine, parasites, bacteria, viruses, hormones, allergens, toxins, bad taste, smell, heavy metals, organics, carcinogens and pharmaceuticals from tap, rain and borehole water

No electricity. No plumbing. No wasted water.

Water so clean,
you can
taste it's healthy

Now with new
BOOSTER-2
to remove
heavy metals

NanoKleen®

TABLETOP WATER PURIFIERS

Soft, sweet, healthy water at less than 15c per litre

Based on technology developed for NASA astronauts.

Simply pour tap, rain or borehole water into the top of the NanoKleen® unit. A complex mat of NANO-fibers and carbon removes 99.99% of bacteria, viruses, parasites, chlorine, allergens, carcinogens, pharmaceuticals, hormones, toxins, organics and heavy metals. A new filter element is needed only after 2 000 litres.

Perfect for office, home, restaurants, clinics, schools, gyms, farms, lodges and camps.

What people say

- *NanoKleen® water is key to our health. Paddy, health enthusiast.*
- *Tastes like still water; but much cheaper and no plastic waste. Hudson, hospitality host.*
- *Just like Austrian mountain water! Mark, visitor working in South Africa.*
- *We always take our NanoKleen® when we go camping. Charles, Overland adventurer.*
- *Whiskey loves ice made from NanoKleen® water. Graham.*
- *My brother's stomach problems stopped in just 7 days. Sena, Polokwane.*
