CRYSTAL CLEAR CONSULTING & MERCHANTS PTY LTD

NanoKleen® Water Purification

Produce Safe Water from **Tap** water, **Rain** water or **Borehole** water using the NanoKleen® water purification system. ***{Not suitable for salty borehole water}***

- Disinfection of ***Bacteria & Viruses***
- No waste water, ***every drop of water is purified***
- **No Chemicals** used
- **No Electricity** needed
- Only **low water pressure** needed
- ***Meet your Sustainability goals***

NanoKleen® Table-top Water Purifier

NanoKleen® MEGA Water Purifier

NanoKleen® uses a **multi-stage purification process** where every drop of water is made safe from **sub-micron particles**, ***organics***, ***bio-life, hormones, antibiotics, parasites, chlorine and the taste & odour of the purified water is improved significantly***.
Plus Heavy metal reduction.

The NanoKleen® purification process uses technology developed for water purification of water in **Space-craft**

This is based on a mat of fibres 1 000 times thinner than human hair, that **traps bacteria, viruses & other nano-particles** by electrostatic forces. Silver particles attached to the fibres, ***kill the bacteria & viruses*** *that are* trapped on the fibres.

The benefits of NanoKleen® Purification

NanoKleen ™ purifier vs. Reverse Osmosis	Reverse Osmosis	NanoKleen ™ purifier
Reduces Virus/Bacteria/Cysts	☑	☑
Heavy Metal Reduction	☑	☑
Organics reduction	☑	☑
Hormones, BPA & Antibiotics Reduction	☑	☑
Operates on low water pressure	☒	☑
Maintains Minerals	☒	☑
Maintains Water pH	☒	☑
NO Water Waste	☒	☑
Protection against bacteria break-through	☒	☑
Small Footprint (no storage tank)	☒	☑
Resistant to Biofouling	☒	☑
Fresh "Mountain Water" Taste	☒	☑
